To incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court on November 26, 2024.

On October 24, 2024, the offender's conditions of supervised release were explained by the probation officer and he signed said conditions acknowledging he understood his requirements.

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

9

**Special Condition #3:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** The offender is alleged to have violated special condition number 3, by ingesting controlled substances, methamphetamine and amphetamine, on or about November 18, 2024.

On November 18, 2024, the offender submitted a urine specimen at Pioneer Human Services (PHS) that returned presumptive positive for methamphetamine and amphetamine. When questioned by the probation officer, he denied use of said substances.
